THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Littleton, qualified to vote in town affairs.

You are hereby notified to meet at the Town Hall, in the Town Building in said town, on the second Tuesday of March next, at 10 o'clock in the forenoon to act upon the following subjects:

Article I. To choose a Town Clerk for the ensuing year. ✓

Article II. To choose three Selectmen for the ensuing year. ✓

Article III. To choose three Trustees for the Littleton Public Library to serve for three years each in the place of Mandane A. Parker, Elizabeth K. Remick and Harry W. Ranlett, terms expired. ✓

Article IV. To raise such sums of money, as may be necessary, for the support of schools, for the laying out and constructing and repairing highways and bridges and for the payment of the town debt and interest, for the maintenance of the poor and for all other necessary town charges. ✓

Article V. To see what sums of money the town will raise and appropriate for the observance of Memorial Day and also to see what sum of money, if any, the town will vote for the celebration of the coming Fourth of July.

Article VI. To choose an Auditor for the ensuing year.

Article VII. To see if the town will take any action towards the employment of outside counsel to consider the right of the Selectmen to tax any property, including that of the Littleton Water & Light Co., at a fair valuation as other property is taxed in town.

Article VIII. To see what action the town will take with reference to the Town History.

Article IX. To see what action the town will take with reference to fixing the rent to be paid by the Town Clerk, for the office occupied by him in the Town Building and to provide for lighting the same.

Article X. To see what action the town will take as to disposing of some of its park land to the Glenwood Cemetery Association.

Article XI. To hear the reports of Agents, Auditors and Committees or Officers heretofore chosen and pass any vote relating thereto.

Article XII. To see what action the town will take, if any, with reference to the salary of the Town School Committee.

Article XIII. To choose any other necessary town officers for the year ensuing.

Article XIV. To transact any other business that may legally come before the meeting.

Given under our hands and seal this twenty-fourth day of February, 1900,

F. P. BOND,	} Selectmen of Littleton.

REPORT
OF
THE MUNICIPAL COURT

February 15, 1899, to February 15, 1900

OFFICERS OF
THE MUNICIPAL COURT FOR 1900

Justice,
Albert S. Batchellor.

Special Justice,
Marshall D. Cobleigh.

Clerk,
Burns P. Hodgman.

Deputy Sheriff,
Albert E. Strain.

Chief of Police,
Solon L. Simonds.

CURRENT COMMENTS

The past year has been one in which good order has been maintained in town, with relatively little necessity for resort to the sanctions of the criminal law. The total this year is 38 as against 44 last year. This court has jurisdiction of offences arising in any of the neighboring towns in which there is no police court. A considerable number of the prosecutions covered by its statistics concerned offences which were local to other towns.

While there can be no doubt that the population of Littleton is increasing, it is gratifying to note that the number of offences brought to the attention of the Municipal Court is decreasing. Furthermore, it should be remarked that none of the offences, for which prosecutions have been instituted against residents of this town, have been of a character to demand punishment more severe than jail sentences.

The most serious question that has confronted the courts is the one that relates to the incorrigible drunkard.

There are a few persons in every large community who are apparently beyond the influence of reformatory methods and the control of correction of primitive fines and imprisonment.

With respect to this class the present provisions of the law are clearly inadequate, and all efforts properly to deal with the subject are baffled.

The whipping post has been abolished, and the common jail and workhouse afford no terrors to this class of offenders.

These facts are submitted for the consideration of the students of sociology and the people's representatives in the legislative branch of government.

In the report of this Court published last year, particular attention was called to the importance of care on the part of officers, attorneys and complainants in criminal proceedings in creating liability for costs of prosecution.

The Court should not give any sanction to proceedings instituted by irresponsible parties in matters that are of a comparatively trivial nature, or are manifestly intended only to subserve private purposes of profit, retaliation or persecution.

In cases where process and fees are multiplied by several prosecutions when, for instance, a drunken person is also guilty of resisting an officer, assault, theft or other offence attributable, in a large measure, to the lawless state of mind in which he is placed by his intoxication, it transpires, as a rule, that the finances of the town or county are more severely punished than the offender.

One process in such cases usually covers all the purposes of justice.

Reference is again respectfully made to our report of last year touching this subject of watchfulness and economy in the use of process in minor offences.

A. S. BATCHELLOR,
Justice of the Municipal Court.

NOTE.—The respondents in Nos. 179, 180, 181, disclosed the place of procuring liquor as being in Whitefield near the town line. These prosecutions were discontinued under the statute relating to disclosures. A prosecution against the seller instituted by this town in the Municipal Court of Whitefield resulted in a fine of which the town has been paid a moiety. Whatever balance accrues from this prosecution might properly be regarded as among the receipts belonging to the town on account of the proceeds and prosecutions and fines in the local Court.

REPORT OF THE TRUSTEES

It is with some degree of pleasure that we make the eleventh annual report, for we have begun to feel how large a place our public library and its reading room hold in the lives of all our people. The increase of patronage is indeed gratifying. It is more than meeting the most sanguine expectations of its friends. More books have been loaned this year than in any previous year—15,108 in all. Eighty per cent has been fiction but it has been of the higher and more helpful type.

We have added 455 volumes; 232 have been purchased ; 43 books have replaced those worn out ; 77 volumes of the report of the New Hampshire Senate and House, going back as far as Volume 18, have been added. These books were bound at the expense of the town; 125 more volumes have come to us from the State and National governments; 10 books have been given by friends and 4 have been destroyed to prevent the spreading of contagious diseases.

The whole number of books in the library is 7,192.

This year 242 new cards have been issued.

The reading room is largely patronized. Most of the leading and popular magazines are on the tables and many of the best weeklies and dailies.

It is with great pleasure we speak of the studious methods of the young people, who are almost nightly to be found here and their respect for the room and the laws.

We found it necessary to add more lights to the reading room. Now reading can be done in any part with perfect comfort.

The committee on books wish to say that the great-

est care is taken in the selection of each book and they wish to ask the patience of patrons who do not find the latest novel over which the world has lately gone wild placed on the shelves. They wait until it has been tried at the court of a calm and unbiased judgement.

This committee find their work hard in supplying the needed literature because of the smallness of the appropriation. No expenditure of our town can bring better results than the well equipment of our library and reading room.

We wish to express our gratitude to Edward Donohue for 10 volumes; B. W. Kilburn, 3 volumes; Mrs. D. C. Remich, 5 volumes; A. S. Batchellor, 2 volumes.

REPORT OF THE Committee on Town History

This work is in the hands of the printers and the copy is passing through the press as rapidly as the parties who have the contract will produce it. The volume of genealogy was printed some time ago, and nearly half of the volume for the narrative volume is in type. As provided by the vote of the town, the work will be in two volumes and both will be issued together, (probably in May.) The illustrations (maps and pictures) and the indexes are prepared and will be in the hands of the contractors from time to time as the binders can put them in their proper place and order.

The contractors for the work are the Riverside Press of Cambridge, Mass. They have complied with the terms of their contracts up to this point and are proceeding with the completion of it, the copy to be printed having been put in their hands and they having ample facilities for a speedy compliance with their obligations in the premises.

It is but fair to the town that it should be fully advised as to the exact legal status of the business.

The town has contracted with the Riverside Press for printing and binding two volumes of town history. No vote of the town can abrogate that contract without the consent of the Riverside Press. Any attempt to

repudiate it would undoubtedly be successfully resisted by the Riverside Press and substantial damages awarded.

Therefore no disobliging orders or vote of the town can be interposed at this stage without serious danger of large financial loss to the town. The town must pay for the publication of two volumes. It is not to be assumed that the contractors will care to be trifled with or delayed so long as they fairly and honestly perform their part. The funds to meet that liability should be derived eventually from the sale of the volumes. Any action of the town which amounts to a breach of contract with the contractors or which interposes obstacles in the way of the committee in hastening the conclusion of the undertaking and in preventing the committee from getting out the volumes and putting them on the market at once is absolutely out of the question, if the interests of the town are to be considered from a financial and business standpoint.

A. S. BATCHELLOR, Chairman of the Committee.

Respectfully submitted,
 FRANK M. RICHARDSON,
 JOHN S. RENFREW,
 MARSHALL A. EATON, } Commissioners.

Examined and found correct,
 CHARLES F. EASTMAN, Auditor.

To the Honorable Board of Commissioners of the
 Littleton Fire District.

Gentlemen:

For the year ending Feb. 1, 1900, there have been 17 alarms, 11 bell and 6 still. Chimneys burning out were responsible for eight of these and the remainder were from the following causes: Grass fire, 1; carelessness with matches, 1; rats and matches, 1; children and

matches, 2; overheated fireplace, 1; hot box in machinery, 1; gasoline explosion, 1; caught from smoke-pipe, 1. The total fire loss has been \$6,220.94, an average of \$365.93 for each alarm, which loss has been fully covered by insurance. These fires have endangered property valued at \$61,000.00. Every fire has been confined to the building where it originated and with two exceptions to that portion where first discovered.

The department has used twenty-six chemicals and laid 6,600 feet of hose, of which 4,800 feet were used. Five fires were extinguished with chemicals and at four fires when water was used they proved of great assistance.

The total cost of these 17 alarms to the District has been \$274.85, an average of \$16.19 for each call.

The addition of swing harnesses to the equipment and the stabling of the horses in the town building has contributed greatly to the promptness of the department in answering an alarm.

RECOMMENDATIONS.

We would respectfully recommend the purchase of 1,000 feet of cotton rubber lined fire hose.

The purchase of a new one-horse hose reel with capacity of 1,000 feet of hose besides the necessary tools. The reel now in service was built light for hand use to carry a small amount of hose and, while adequate for the department at that time, is not and cannot be altered into a reel that will carry the quantity of hose made necessary by the growth of the District and be strong enough to stand the extra load and the speed now attained by the horse used in the machine.

The purchase of runners for use on the apparatus in winter.

The purchase of more fire alarm boxes. There is much valuable property in the District that is not only at a considerable distance from any box but is so situated that in case of fire an alarm from the nearest box would mislead the department as to the location of the fire, thereby causing unnecessary delay.

The appointment of two fire police, to be paid a reasonable compensation for actual service, which shall be to answer all alarms, the same as regular firemen, to protect property and prevent interference with the firemen and apparatus.

Thanking you for your many courtesies and hearty co-operation with us in striving to promote the efficiency of the department, we are,

Your obedient servants,

E. C. YOUNG,	}	Engineers of
H. D. WILKINS,		Littleton

DIRECTIONS.

The glass covered box on side of alarm boxes contains the key; get the key by breaking the glass, and open alarm box; pull down the hook, letting go at once. For second alarm, pull down the hook after first alarm has rung.

The alarm will indicate the station from which the signal was given. Thus, a signal from Station 42 will be sounded by four strokes of the bell, followed by two strokes. This will be repeated, so that notice will be clearly given that fire has broken out in the vicinity of Station 42, if that be the case, because the alarm sounds a four, by four strokes of the bell, and a two, by two strokes of the bell. In this way Station 42 is indicated. The other Stations will be indicated in a similar manner, the second number struck by the alarm bell corresponding to the number in unit's place, either 2, 3, 4, 5, 6 or 7, as the case may be.
